CONCLUSION

“The main aim of education is not only to impart knowledge but also to make the recipient a human being”. Education without values would be only words without meaning. The education that is imparted in our college, I am proud to say, is real education where we teach our beloved students to be human beings with high moral values. I express my deep sense of gratitude to all who in their own way have helped in raising the institution where it stands today. I owe my gratitude to our beloved President Rt.Rev. Ravikumar. J. Niranjan for his valuable guidance and support. At this moment I thank the

Principal of the College, Trustees of the management and the staff of the College. I thank all the administrative staff who stood by me throughout the academic year. My whole hearted thanks to all parents and alumni who have been in touch with us during the year and their valuable suggestions helped us to improve immensely. I look forward to your continued support in our march towards success. Dear students, my heartfelt thanks to all of you. I am sure that our collective endeavor shall take our college to greater heights in serving the society in a meaningful manner. Finally, I thank God almighty for sustaining and guiding this institution. Thanks to one and all and God bless you.
