CONCLUSION

“The main aim of education is not only to impart knowledge but also to make the recipient a human being”. Education without values would be only words without meaning. The education that is imparted in our college, I am proud to say, is real education where we teach our beloved students to be human beings with high moral values. I express my deep sense of gratitude to all who in their own way have helped in raising the institution where it stands today. I express my gratitude to our beloved President Rt.Rev. Ravikumar. J. Niranjana for his valuable guidance and support. At this moment I thank the Principal of the College, Trustees of the management and the staff of the College. I thank all the administrative staff who stood by me throughout the academic year under covid -19 pandemic. My whole hearted thanks to all parents and alumni who have been in touch with us during the year through online mode and their valuable suggestions helped us to improve immensely. I look forward to your continued support in our march towards success. Dear students, my heartfelt thanks to all of you. I am sure that our collective endeavor shall take our college to greater heights in serving the society in a meaningful manner.
